INPUT is for you, the member.

INPUT is, quite simply, a program for your suggestions, comments, kudos, feedback or concerns regarding MVFCU, our staff and our service. It's confidential.

Use INPUT to tell us about it!

Use INPUT to make a suggestion about our service or products. Can we improve a policy or service? Do you have a complaint or problem not resolved to your satisfaction?

When NOT to use INPUT

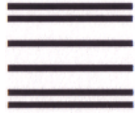

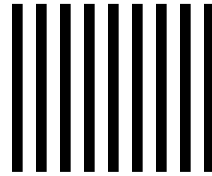

In many cases, questions about our services, or your account, can be quickly answered by talking with any one of our office staff. Additionally, questions on the benefits and services offered at MVFCU can generally be answered by referring to our product brochures or the iMember Guide online at mvfcu.coop by clicking the 'Ask a Question' link.
